

We are very pleased to know about the progress the center has achieved over the years since its founding. This is certainly due to good efforts of all the members.

It is also a must that all members continue to work unitedly to keep up the impetus of good start and endeavours so that through this centre, the noble dharma spreads not only within the country but also throughout the world.

In brief, the centre may gradually become the source and harbinger of peace, non-violence and universal brotherhood. Our prayers and wishes are always with you for the ultimate achievement of these noble goals.

With best wishes and sincere prayers,

His Holiness the XVIIth Gyalwa Karmapa Ogyen Trinley Dorje
