

The European Seat of The Chamgon Kenting Tai Situpa

Dear friends in the dharma,

Purkersdorf, June 2019

I am very happy to inform you that I signed yet a new loan for the construction and adaptation of our retreat institute. I took an enormous amount on top of the existing debt for yet another 25 years for our Palpung Europe project.

On the one hand that's really scary news, considering the additional amount that needs to be raised on a monthly basis; on the other hand it is most beautiful news. Our lineage will finally have a remote, yet accessible place for genuine practice here, in the heart of Europe, for the deepening and developing of our very essence to eventually become Buddha ourselves.

You know that in our lineage practice is the main focus and therefore, offering you all a pure dharma place of the holy Palpung tradition, with rooms and facilities in a beautiful setting within reasonable distance from the capital, overjoys me truly.

To enable you all to join this undertaking, we set up a support website that is available in five languages, the most extensive ones in German and English www.palpung.eu/en/support, but also Chinese, French and Spanish are available, too. They are all interlinked.

Also, my doctors strongly advised me to step back with the amount of work I have been doing so I won't be at your service full time as I have been during the last 15 years.

Having said all that, I invite you wholeheartedly, to help realize this noble project. With your financial help, by passing on our support page to whoever you deem appropriate, and your wishes as well. Please never think your offering is too small. There is no such thing and many drops eventually make an ocean!

With folded hands

Yours in the holy dharma

Chöje Lama Palmo
